

REMARKS

Remarks About Claims 33-35 and 47:

Applicants gratefully acknowledge the Examiner's careful review of the claims.

Applicants have cancelled claims 33-35 and 47, which depended from cancelled claims.

Accordingly, Applicants respectfully submit that the status identifiers of the claims are now properly designated.

Remarks About Claims 14 and 24:

The Examiner has asserted that the language of claims "1" and "23" is inaccurate.

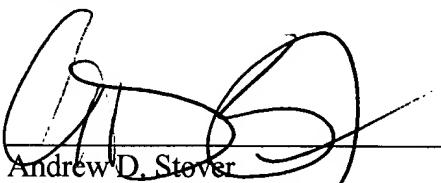

Because Applicants previously cancelled claim 1, Applicants assume that the Examiner meant to refer to claim 14. Likewise, Applicants assume that the Examiner meant to refer to claim 24, rather than claim 23. To the extent that Applicants' assumptions are incorrect, Applicants respectfully invite the Examiner to contact the undersigned attorney to further clarify any outstanding issues.

In response to the Examiner's comments about antecedent basis, Applicants have amended claims 14 and 24 to recite "said terminal crotch edges of said *substrates of said respective* first and second body panels." This language is recited previously in claims 14 and 24, and was not previously objected to by the Examiner.

Finally, Applicants have amended claims 14 and 24 to recite that the "side margins extend from said first and second terminal edges." If any further clarification is required, Applicants respectfully request that the Examiner contact the undersigned attorney at (312) 321-4713.

Respectfully submitted,

By:
